SALLE À MANGER

“You find in your place, a napkin ring engraved with the monogram of Alfred Sommier. What is the history of the napkin ring ? It appeared in France at the beginning of the 19th century, then spread among the European bourgeoisie. The old aristocracy tried to resist its use by claiming to change napkins at every meal. In the Sommier mansion, I maintain the family practice. But don’t worry, your towel hasn’t already been used !”
